Additionally, these enhanced health and safety protocols will be implemented in our extra-curricular activities such as athletics, visual and performing arts and after school programs.

EHA & SUHSD continue to monitor guidance from the California Department of Public Health (CDPH), and will inform parents, students, staff and the community of changes in health and safety practices if/when guidance is changed in a manner that impacts the SUHSD community.

On July 1, 2021, the district sent out a communication regarding student vaccinations, which is one of the most effective means of protection against COVID-19. Please click here to access: [Vaccination Letter to Families](#)
